Title: Introduction to Music

Code: SSCI 215

Credit Hours: 3 cr.

Lecture/ week: Twice

Tutorial/ Week: -----NA ---

Practical/ Week: NA

Duration (No. of weeks): 15 weeks

Names of lecturers contributing in the course: Dr. Ibrahim Baltagi

B- Professional Information

1- Overall Aims of Course

- 2- A general appreciation course designed to make music more meaningful to the average listener. The student will learn about great composers throughout the history of music as well as their contributions to music. Exercises will be aimed at developing better music listening skills and some basic musical language, such as notes and rhythms, will be taught. In addition to the instructor's class presentations and performing on the recorder, we will utilize multimedia, small groups and student presentations.

3- Intended Learning Outcomes of Course (ILOs)

- a-** Knowledge and understanding:
 - A1: Identify music
 - A2: Understand how to evaluate music performances
 - A3: Acquire the elements of music
- b-** Intellectual skills:
 - B1: Discuss sound: pitch, dynamics, tone color
 - B2: Explain what is a performing media?
- c-** Professional and practical skills:
 - C1: Discover the relevance of music to the student lives and the lives of others
 - C2: Write a reflection paper about one or two musical experiences that have had a profound effect on you.
- d-** General and transferable skills:
 - D1: Apply skills necessary to evaluate a musical performance
 - D2: Be able to read and write music
